

Students with a Disability: Request for Accommodation

Date of Request: _____

The Berkeley School of Theology ensures that all eligible students with disabilities have equal access to GTU educational opportunities. Accommodations are not intended to give students with disabilities an unfair advantage, but to remove barriers that prevent students with disabilities from learning and from demonstrating what they have learned. Appropriately, reasonable accommodations are accorded students with a documented, long-term disability which results in a substantial, material, and irreversible impairment of a major life function.

Complete and submit this form if you believe you have a disability that qualifies you for academic accommodations. In addition to this form, include official written documentation from a professional who has the credentials and expertise to diagnosis your disability. The documentation should include: present state of the disability, its impingement or limitation on a major life activity, relevance to the educational setting, and, if possible, suggested accommodations
