

STSP-4900 Global Theological Perspectives | Spring 2025

Required Books

Dr. Jennifer W. Davidson

Most of our readings will be posted to Moodle throughout the semester. The books I require below we will read in their entirety by the end of the semester.

His Holiness the Dalai Lama, Archbishop Desmond Tutu, Douglas Abrams, *The Book of Joy: Lasting Happiness in a Changing World* (New York: Penguin: 2016). Audible Version ASIN B01IQ15JA0 \$15.75 or ISBN-13 978-0399185045 \$15.27 (Amazon). *I highly recommend getting this book as an **Audible book** and listening to it. The ideas come alive this way!*

Laurel C. Schneider and Stephen G. Ray, eds., *Awake to the Moment: An Introduction to Theology* (Westminister John Knox Press, 2016). ISBN-13: 978-0664261887 \$24.99 (Amazon). *Please note that this book is available as an e-book via the GTU library, so I will provide links to it in the course site. The library has purchased multiple e-versions so that more than one person may view the book at one time. As a courtesy to your colleagues, please do not keep the book open in your browser if you are not actively reading. It looks like you may be permitted to download and/or print up to 100 pages via the library copy, but I can't guarantee that.*
